Just following up on this ongoing issues.

I have been away for most of December and January - returned around February 12. Since I've returned I have been awakened by a screeching, schizophrenic woman who has decided to pitch a tent about 100 feet from my bedroom window. The filth and garbage surrounding this encampment continues to grow. The health risks - as we've learned from the outbreaks downtown - are mounting.

I know that you folks are working on this - but I just wanted to follow up because last night she was threatening to kill people and screaming and crying for hours.

There must be something we can do about this.

Thanks Gina.

We are working on getting the location scheduled, but we do not have a confirmation from the Department. The rain delays service days and we do not get make up days.

I will pass along more information when I get an update to share.

Gina -

Thank you very much for the update and all of your time and work on this issue. It is truly appreciated.

My best,

████

Greetings Juan/████ and neighbors:

Today ██████████ Privacy ██████████ met with my Officer Ramirez and Hamada regarding the encampments and the property located at [1340 Glendale blvd](#) at site. Torkan signed a no trespassing order giving lapd permission to on his property and remove anyone that should not be on his lot. Torkan placed "NO TRESPASSING" signs, but will place throughout the property.

While at scene Officers Ramirez and Hamada made contact with a female on the east side of sidewalk with a large encampment. She was cited for having her encampment tent up after 6am and blocking the sidewalk. She informed officers that she would be relocating soon.

The property owners of 1340 Glendale will be making more of an effort to keep location clean and communicate with city entities.

Thank you very much for your patience and being involved. If you should have any further questions please do not hesitate in contacting me or your Field Deputy Juan Fregoso. (213) 793-0760. Gina.

Subject: Re: Fires on 1340 Glendale lot

Hi ██████████,

I was aware of the fire, we saw it from our office and I went out there to get some pictures and report it as it happened.

Like I mentioned in my other email, the property owner has been issued a notice to comply from Building and Safety along with some fines.

As for the posted service day with the encampment I am waiting on confirmation from Sanitation. Since the fire was on private property the service on the public right of way does not change the timeline.

I am pushing for another clean up here as we are well aware of the mess. If the department confirms I will at the very least have the trash scheduled for next week.

I will ask DOT/LAPD to help us with getting the truck cleared out.

Juan and Gina -

The pictures attached were just forwarded to me from my wife and our neighbors. One of the tents and piles of trash on the lot just went up in flames - thankfully the schizophrenic woman who lives in tent wasn't hurt. LAFD responded; no LAPD response. The woman is currently moving her undamaged stuff to another corner of the lot and setting up new camp.

This is the second fire on our block this week. At 5am Saturday, a truck burned. We have no idea of the circumstances of that fire or if they're connected, but things don't usually burn on our block. Burnt-out hull of truck is still sitting in street.

Drug activity continues out of other tent. Large pile of trash at south end of island growing and starting to smell. Supposedly there was or will be an assessment from City or Sanitation today through our 311 complaint - SR# 1-1278925200. If you have ability to liaise with or contact the team doing the assessment, please inform them of current events. Also, if you're in contact with owner of lot - he may want to know that his trespassers are causing or setting fires.

Photo below was taken shortly after fire started and my neighbor called 911. Flames reached height of 16 feet. Video below, too, if you're into it.

I'm writing to corroborate ██████████'s account of the increasingly erratic (and loud and violent) behavior at the camp.

Also, since the landlord signed his "no trespassing" complaint, the sprawl of trash and burnt rubble INSIDE the fence has only grown. Is he waiting for the city to take care of this for him? There is literally a ton of trash over there.
